

## Yard Signs

We offer custom printed signs; ideal for special events and outdoor advertising. The great part about them is they can be attached to something permanent or they can be a temporary yard sign to put in place before, during and after a project. To let others know that you worked on the neighbors house or yard. They are also printed on a durable material with solvent ink so they will last in the elements.

### One Color Background and One Color Lettering

Qty:	Size	Price ea:1 sided	Price ea:2 sided
